

3.4 Detailed solution

Connection of roof water in case of greening

Legend

1. Contec.fior seeding
2. TKS Shaft
3. Contec.fior RCE roof substrate
4. Round gravel washed 16/32 mm, min. radius 50 cm
5. Contec.flex separating layer
6. Contec.drain water storage plate / Contec.drain drainage plate
7. Contec.proof EPDM
8. Roof water drain with clamping ring (Contec system)
9. Contec.therm thermal insulation
10. Contec.vap vapor retarder
11. Substructure
12. Roof water inlet made of PE (on site)
