

9.2 Detailed solution

Facade finish without rear ventilation

Legend

1. Aluminum angle
2. 3-layer or OSB board min. 27 mm
3. Isolation rock wool type 3, 30mm (2-layer, 2nd insulation: facade insulation pressure-resistant)
4. Contec.fix, clamp holder
5. Contec.proof EPDM (connections and terminations mechanically fixed / glued)
